Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Targeted Support and Improvement
All schools within the Farmersville Unified School District are designated as a "Schoolwide Program" (SWP). The purpose of SWP is to improve academic achievement throughout the school for all students; particularly the lowest achieving students will demonstrate proficiency on the state academic standards. The improved achievement is to result from improving the entire educational program of the school.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The School Plan for Student Achievement (SPSA) aligns with district Learning Continuity and Attendance Plan goals, actions, and services. Federal funds including Title I, II, III and IV supplement the SPSA goals, actions, and services to meet the needs of all students and are identified as district wide centralized services.

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Freedom Elementary School utilizes annual parent and student school survey's including Title I Parent Survey's and California Healthy Kids Student Surveys to address the effectiveness of classroom instruction, campus safety, parent communication, school programs and culture as well as the educational support systems. For staff, a professional development survey is conducted to assess teacher's professional development needs. These surveys are evaluated by district and site administration and shared with parents and teachers during School Site Council (SSC) Meetings, English Language Advisory Committee (ELAC) and staff meetings.

According to the most recent 2018-19 California Healthy Kids Survey, the majority of the elementary students within the district reported:

58 (decrease from 2017-18) felt that the teachers and other grown-ups at school care about them ALL OF THE TIME

49 (decrease from 2017-18) feel that teacher and other grown-ups ALL OF THE TIME listen when they have something to say

28 (decrease from 2017-18) feel that teacher and other grown-ups ALL OF THE TIME make an effort to get to know them.

22 (decrease from 2017-18) feel close to people at school ALL OF THE TIME

87 (decrease from 2017-18) feel happy to be at school.

85 (decrease from 2017-18) felt part of the school ALL OF THE TIME

60 (decrease from 2017-18) feel that teachers treat students fairly at school ALL OF THE TIME

35 (decrease from 2017-18) feel safe at school ALL OF THE TIME

46 (decrease from 2017-18) feel safe on their way to and from school ALL OF THE TIME

According to the most recent 2018-19 Title I Parent Survey, the survey indicated a decrease in the following areas:

68% (13% decrease from 2017-18) of parents feel there are ALWAYS opportunities for parents to learn about the school curriculum & programs.

72% (8% decrease from 2017-18) of the parents reported ALWAYS feeling welcomed at their child's school.

Parents believe that the school ALWAYS place the proper emphasis on Reading (64% a 8% decrease from 2017-18), Writing (66%-no difference from 2017-18), Mathematics (61% an 11% decrease from 2017-18)

65% (2% decrease from 2017-18) of parents believe their child is ALWAYS receiving good classroom instruction.

65% (4% decrease from 2017-18) of parents report knowing their child's AR Reading level.

39% (9% decrease from 2017-18) of parents reported feeling that the school's discipline system is Always Fair.

According to the most recent 2018-19 Priority 2 Implementation of Academic Standards Survey, the teachers indicated knowledge of the state standards:

- 1). FULL IMPLEMENTATION (38.10% a 5.1% increase from 2017-18)- Rate FUSD's progress in providing professional learning for teachers to the recently adopted academic standards and/or curriculum frameworks identified below [ELA-Common Core State Standards for ELA].
- 2). FULL IMPLEMENTATION (42.16% a 10.16% increase from 2017-18)- Rate FUSD's providing professional learning for teachers to the recently adopted academic standards and/or curriculum frameworks identified below (ELD-Aligned to ELA Standards).
- 3).FULL IMPLEMENTATION (34.65% a 5.65% increase from 2017-18)- Rate FUSD's progress in providing professional learning for teachers to the recently adopted academic standards and/or m frameworks identified below (Math-Common Core State Standards for Math).
- 4).INITIAL IMPLEMENTATION (29.41% a 2.41% increase from 2017-18)- Rate FUSD's progress in providing professional learning for teachers to the recently adopted academic standards and/or curriculum frameworks identified below [Next Generation Science Standards).
- 5).INITIAL IMPLEMENTATION (32.00% a 9% increase from 2017-18)- Rate FUSD's progress in providing professional learning for teachers to the recently adopted academic standards and/or curriculum frameworks identified below [History-Social Science).
6. FULL IMPLEMENTATION AND SUSTAINABILITY(43.69% a 12.69% increase from 2017-18) Rate FUSD's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subjects is taught (ELA-Common Core Standards for ELA
- 7). FULL IMPLEMENTATION AND SUSTAINABILITY (33.01% a 9.01% increase from 2017-18) Rate FUSD's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subjects is taught [ELD-(aligned to ELA Standards)]
- 8). FULL IMPLEMENTATION (39.60% a 14.6% increase from 2017-18)- Rate FUSD's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subjects is taught Math-Common Core Standards for Math]
- 9). INITIAL IMPLEMENTATION (29.70% a 14.7% increase from 2017-18)- Rate FUSD's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subjects is taught [Next Generation Science Standards]

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Weekly classroom observations are conducted by school administration, Academic Coaches, and expert teacher consultants in ELA and Math. Findings indicate a need to increase literacy for English Learners and academic rigor for all students to attain mastery for achieving the Common Core State Standards.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The school is meeting performance goals. The school analyzes yearly state CAASPP and local benchmark data (every six weeks) to modify and improve student academic performance. Academic performance data is used to align instruction to the standards.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

The school is meeting performance goals. The school assessment cycle provides student academic performance data every six weeks to identify areas for improvement. Gaps in student performance are identified and used for re-teaching purposes and to modify classroom instruction.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

District teachers meet the highly qualified staff requirements established by the California Commission on Teacher Credentialing.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

The school meets sufficiency of credentialed teachers' requirement. Teachers have access to yearly professional development opportunities and training on state- adopted instructional materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

The district contracts with TCOE consultants to provide professional development in the following core content areas ELA/ELD, Math, and Science. Yearly teacher professional development surveys and CAASP data provide feedback to schools on the professional development needs of teachers.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The school Academic Coach provides on going instructional strategy support for teachers and works directly with TCOE content experts for implementation of Common Core instructional strategies.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Late Start days are utilized for teacher collaboration in grade-level or department teams. Teacher collaboration time is used for curriculum alignment, developing assessments and instructional strategies.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Yearly standards-based curriculum guides are developed that include instructional materials aligned to the Common Core State Standards. Teacher developed standards-based assessments are used to guide classroom instruction and student learning.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The school meets the state instructional minute requirements for reading/language arts and math. Identified students who perform poorly on interim assessments are provided with additional re-teaching time for reading /language arts and math.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Grade level curriculum guides are developed in the core areas and benchmark assessments are administered every six weeks. Standards-based data dives take place and deficient students are provided with re-teaching opportunities and additional student interventions.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All district students have access to standards-based materials. Core instructional materials are aligned to the Common Core State Standards.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All K-12 adopted instructional materials are approved by the California Department of Education. Supplemental intervention instructional materials meet grade-level state standards. Students have access to standards- aligned core courses.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

District / School Learning and Continuity Plan and Attendance Plan goals provide actions, services, and resources to ensure that underperforming students meet the standards. There is a monitoring process to ensure schools are meeting the needs of underperforming and resources are targeted to address deficient areas.

Evidence-based educational practices to raise student achievement

The school implements evidence based educational practices to address school wide academic improvement. These include targeted instructional strategies, standards-based assessments, and student academic interventions to close the achievement gap.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

LCFF and Title I funds are utilized by the school to provide family resources and improve academic outcomes for under-achieving students.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

SPSA development includes participation of parents, community members, teachers, and other school staff. The SPSA planning team evaluates and monitors the SPSA plan. The Consolidated Application is updated and Board approved yearly.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services provided by Title I,II,III,IV funds include: academic support in ELA and math for under-achieving students, supplemental instructional materials, professional development for teachers in ELA, math, and STEM, technology resources and programs for literacy and English acquisition, and social- emotional resources to reduce negative student behavior and improve learning.

Fiscal support (EPC)

Fiscal support to achieve SPSA actions, services, and academic outcomes include school funds, district LCAP funds, Title I-IV funds that are used to supplement the SPSA. SPSA resources are allocated based on review of academic and behavior data, Learning Continuity and Attendance Plan goals, and individual school needs. SPSA resources are approved by the district and adhere to state and federal requirements.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Freedom Elementary utilizes input from our School Site Council (SSC) to review and update our annual SPSA. Our SSC is made up of parents, certificated & classified staff and administrative staff. SSC members are provided opportunities to provide feedback and make recommendations for each established school goal. We have a bilingual Community Liaison that works in collaboration with the site Principal to plan, organize, advertise, recruit, and facilitate all SSC meetings. A total of four SSC meetings were held in the 2019-20 school year and will continue to meet during the 2020-2021 school year.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

There were no resource inequities

Conclusions based on this data:

1. Analyzing the Overall 2018-19 Achievement Data for ALL students taking the CAASPP-English Language Arts/Literacy test in 2018-19, 15.53% of students performed at the 'Standard Met' level, this was an increase of 3.4% from 2017-18.
2. Analyzing the Overall 2018-19 Achievement Data for ALL students taking the CAASPP-English Language Arts/Literacy test in READING in 2018-29, 9.25% of students performed at the 'Above Standard', this was an increase of 3.36% from 2017-18.
3. Based on the Overall 2018-19 Achievement Data for ALL students, a slight growth (mean scale score) in grade 5 and 6 and slight decrease in grade 4.

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
580	95.5	37.9	0.3
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Implementation of state standards

LEA/LCAP Goal

Increase student achievement for all students and sub-groups in ELA, ELD, and Mathematics.

Goal 1

Freedom's school culture is built upon the belief that all students can learn at the highest level; instruction based upon pacing guides and common assessments aligned to state standards; and high quality core instruction. Our goal is to increase the level of proficiency for all sub-groups in all core discipline areas for English Language Arts (ELA) and Mathematics.

Identified Need

Yearly CAASPP results continue to indicate the need to focus on providing impactful resources and continued implementation of researched-based instructional practices to increase the level of student achievement, especially in the areas of English Language Arts, Math, and English Language Development.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELPAC CAASPP Apex Course completion/performance STAR assessments	CAASPP scores for ELA & math	Increase indicator scores and assessments.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our overall scores reflect an increase in student scores in both Math and ELA.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences noted between the intended implementation and budget expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will continue to strive to increase student scores in ELA and Math in an effort to meet targeted levels.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

School Climate

LEA/LCAP Goal

Provide a clean, healthy, orderly, physically, and emotionally, safe environment in which to engage students in their learning and reach their full potential.

Goal 2

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We had an increase in parent involvement in the various parent events we held throughout the year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences between the intended implementation and the budgeted expenditures needed to implement the articulated goals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Utilize the Community Liaison to provide consistent community outreach required to encourage parent participation.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

College & Career Awareness

LEA/LCAP Goal

Every student will graduate with 21st Century skills and a broad course of study for success and/or a college preparatory curriculum.

Goal 4

All students at Freedom Elementary will be provided with opportunities to be exposed to college and career opportunities.

Identified Need

Develop 21st Century career pathways that provide opportunities for all students to be prepared to enter college and careers. Expand college and career opportunities for students in Kindergarten through high school and increase the percent of high needs students enrolled.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Number of college & career sponsored activities during 2019-20 school year.	School calendar utilized to track the number of college & career activities held throughout the year.	The number of college & career activities will increase by 1%.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 3 Other School Staff
- Parent or Community Members

Name of Members	Role
Emily Rodriguez, Ed.D.	Principal
Cristal Villalobos	Other School Staff
Suzie Martinez	Other School Staff
Clifford Ayers	Other School Staff
Socorro Lozano	Classroom Teacher
Sebastian Santillan	Classroom Teacher
Myra Garcia	Parent or Community Member
Janet Clark	Parent or Community Member
Maria Chacon	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 23, 2019.

Attested:

Principal, Emily Rodriguez, Ed.D. on
10/28/2020

SSC Chairperson, Myra Garcia on 10/28/2020

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
