April 1, 2020

To FHS parents and students:

We know this is a difficult time for our community in regards to all the challenges we are facing with COVID-19. Please, know that we are here to support you and your students during this time. There has been a lot of communication from our district office in regards to the overall response to COVID-19 that have rapidly affected the climate and education of our students. Now that we are in this current state we felt that it would be best to reach out to you regarding the next steps for your students' education which are specific to FHS. Below you will find an academic outline of how we are responding and providing educational services to meet the needs of our students. As changes arise you will be notified by either the district or FHS through the various platforms such as District & Site Websites, FUSD COVID-19 website, tele-parents, mail, and social media outlets. Many things are uncertain, however, we will continue to communicate with you and your students through this trying time as updates are provided to us.

Stay Safe & Healthy,

Emily Koop
Principal

Chromebook Distribution to every household April 2 & 3, 2020
