

Understanding the English Language Proficiency Assessment for California (ELPAC)

What is the ELPAC?

The ELPAC is a test that:

- Measures how well students understand English when it is not their primary language
- Provides information that helps your child's teacher support him or her in the right areas
- Provides information to parents about their child's progress in learning in English

What Does the ELPAC Test?

The ELPAC tests four different domain areas:

Why Do Students Take the ELPAC?

If a language other than English is identified, California requires students to take the ELPAC.

Identifying students who need help learning in English is important so English learners can get the support they need to do well in school.

The ELPAC Has Two Assessments

Initial
Assessment

Summative
Assessment

The Initial ELPAC:

Who:

Students who are new to California schools and who are identified as speaking a language other than English are given the Initial Assessment within 30 days of when they enroll in a California school. Students only take the Initial Assessment once.

Why:

The Initial Assessment is used to identify students as either an English learner who needs support to learn in English, or as proficient in English.

The Summative ELPAC:

Who:

Students who are English learners are given the Summative Assessment each spring between February 1 and May 31 until they are reclassified as English proficient.

Why:

The Summative Assessment is used to measure the progress English learner students are making in listening, speaking, reading, and writing in English. The results help tell the school if the student is ready to be reclassified as proficient in English or if they need more support in learning in English.

What Information Will I Get About How My Child Did on the ELPAC?

All students who take the ELPAC will receive a Student Score Report.

Dear Parent/Guardian of Anita Rocco:

This report shows Anita's results on the English Language Proficiency Assessments for California (ELPAC), the newly developed state test of English language proficiency. The ELPAC provides information about your child's current progress toward English language proficiency. Because the ELPAC measures new English language skills, your child's ELPAC results should not be compared to prior test results from the California English Language Development Test (CELDT).

Please be informed that you administered the ELPAC, so we're all able to support your child's continued English language development.

Sincerely,
Tom Toribara
Tom Toribara
State Superintendent of Public Instruction

What is the ELPAC?

The ELPAC Summative Assessment measures student progress toward meeting the California English Language Development Standards (ELD Standards), which describe the English language skills that students need to succeed in school.

The ELPAC Summative Assessment:

- Is given each spring to students who have been identified as English learners
- Includes questions about Listening, Speaking, Reading, and Writing

Your child's ELPAC results:

- Are one measure of English proficiency that should be viewed with other available information, such as classroom tests, assignments, and grades
- Can be used to help talk to your child's teacher about your child's progress in English language development
- Can be used to determine if a student is ready to be reclassified as fluent English proficient (RFEP)

ELPAC Levels

Level	What Students Can Typically Do at Each Level
4	Students at this level have well-developed English skills. • They can usually use English to learn new things in school and to interact in social situations. • They may occasionally need help using English.
3	Students at this level have moderately developed English skills. • They can sometimes use English to learn new things in school and to interact in social situations. • They may need help using English to learn new things at school and in less-familiar social situations.
2	Students at this level have somewhat developed English skills. • They usually need help using English to learn new things at school and to interact in social situations. • They can often use English for simple communication.
1	Students at this level are at a beginning stage of developing English skills. • They usually need substantial help using English to learn new things at school and to interact in social situations. • They may know some English words and phrases.

The four ELPAC levels shown above describe what students at each level on the ELPAC can typically do in English. The table below shows how these four ELPAC levels relate to the three proficiency levels described in the ELD Standards.

ELPAC Levels	Level 1	Level 2	Level 3	Level 4
ELD Standards Proficiency Level	Emerging — requires substantial linguistic support	Expanding — requires moderate linguistic support	Bridging — requires light linguistic support	

How can I help my child?

- Read to your child, or have your child read to you, on a regular basis.
- Use pictures and ask your child to tell you what he or she sees in the picture or what is happening in the picture.
- Provide your child with opportunities to use language outside of school.
- Talk to your child's teacher about your child's Listening, Speaking, Reading, and Writing skills to help support your child's progress.

What Information Will I Get About How My Child Did on the Summative ELPAC?

- Oral Language Score / Level
- Written Language Score / Level
- Domain Level

How You Can Help Support Your Child's Success

- Ask your child's teacher:
 - In what areas is my child doing well?
 - In what areas might my child need some extra support?
 - How can I help support my child at home?
 - How are you supporting my child at school?
