Farmersville Unified School District Breakfast

Breakfast is by far the most important meal of the day. Research confirms the clear connection between health, learning and attendance. Healthy children are more successful in school, have better attendance, are more attentive and well-behaved in class and are more likely to graduate from high school and go to college. Healthy students not only excel academically, but are more likely to positively engage in social, community and extracurricular activities.

Breakfast is offered in a traditional way at all the school sites. We would ask that you encourage your family members to partake in breakfast at your son and/or daughter school site.

Breakfast time for the sites:

Hester/Snowden	7:15 am - 8:00 am
Freedom Elementary	7:00 am - 7:45 am
Farmersville Jr. High	7:15 am - 7:45 am
Farmersville High Sch.	9:45 am – 10:00 am

We here at Farmersville Unified School District look forward to promoting breakfast over all throughout the district.

James W. Lohry

Director, Food Service
