

# 2019-20 LCAP Survey for School and Community Stakeholders

The Local Control and Accountability Plan (LCAP) is the annual process and document by which stakeholders can provide feedback and help refine the implementation of the district's plan. The LCAP requires school districts to identify annual goals, take action, and measure progress to accomplish both state and district goals.

Each school district must focus on the state's eight priority areas:

1. Basic Services
2. Implementation of State Standards
3. Course Access
4. Student Achievement
5. Other Student Outcomes
6. Student Engagement
7. Parent Involvement
8. School Climate

Below are statements about each of the eight state priority areas. As you respond, please think of your experiences this school year.
