Dear Farmersville USD School Community,

The Local Control Accountability Plan (LCAP) outlines the district's activities, actions, and expenditures to address eight (8) state priorities in three (3) areas: Conditions of Learning, Student Outcomes, and Parent and Pupil Engagement. The District is asking for your input as we develop our new three-year 2023-2026 LCAP to meet the needs of our students and state requirements.

The district is requesting the support of our parents/guardians, students, staff, and community members in completing the LCAP Survey to learn more about your opinions. You may access the online LCAP Survey with a computer or smart phone by inputting the link below or scanning the QR code. The LCAP Survey link can be found on the District and School Site's webpages, and social media page. You may obtain a hard copy of the LCAP survey at any of our school sites as well as the district office. The survey will provide an opportunity to share your thoughts about how the district is currently meeting the needs of all students and address areas for improvement. The district LCAP Committee will review all comments that will help guide our new three-year LCAP development.

The district will host six (6) LCAP Open Forums and one (1) LCAP Community Forum. The purpose of the LCAP Forums & LCAP Community Forum is to inform parents, students, staff, and community members of the LCAP requirements, process, and to receive additional feedback about needed programs and services in our district. Hardcopies of the LCAP surveys will be available at each of the forums. The following are the dates for the LCAP Open Forum, LCAP Community Forum, and Open House events:
